ASK YOURSELF THE FOLLOWING QUESTIONS:

Have you addressed and prioritized the external opportunities and threats to your firm? What types of activities will the firm potentially provide in the future? Can you define the precise mission of your business? What are the key objectives and strategies for achieving your business mission? What are the individual owners/shareholders' plans and preferences for the company? What strategies will achieve and maintain a competitive position? Have you set future goals and defined realistic targets? Have you preformed financial analysis? Have you reevaluated achievements and updated the annual business plan?

IMPROVING YOUR PROFITABILITY

At Hutchinson and Bloodgood LLP, our goal is to help you plan and convey your business objectives. We can assist you in the development of strategies to meet your goals. Because of our proactive approach with potential problems that may confront your business, we can advise you on ways to solve them. The resources we make available to our clients span the range from developing and refining the organizational structure

of your business, including titles and responsibilities, to financial planning and access to capital. Call us for a consultation designed to improve your profitability.
